Letter no A-6.615/33-34 of 4.12.33 from the D.C. Kādur forwarding letter dated 27.11.33 from the President Dist Bd. to the Gen. Secretary requesting sanction for grant of Rs 10,000/- for completing incomplete works, in the District.

The President Dist Bd states that the D.C. Kādur has not placed the sum of Rs 7,000/- sanctioned for drinking water well works this year as usual. As a result of this several ^{works remain} incomplete and ^{several bills on} certain works executed on these incomplete works are left unpaid and therefore requests sanction for a grant of Rs 10,000/-

2) The D.C. states that he is the operating authority so far as distribution of the above grant is concerned (vide G.O. 5^x put up.) So far a programme of work is concerned it should be drawn in consultation with the Dist Bd Presdt. A meeting was called for this purpose ^{but} and the president was ^{not present} ~~absent~~. In consultation with the Amildars Rs 5,000/- were distributed for sinking wells in the villages and 2,000/- have been set apart for emergencies.

3) The D.C. also states that last year the entire grant of Rs 5,000/- was placed under the disposal of the Dist Bd ^{as per Govt orders} who promised to spend this amount together with the Dist Bd grant. But the Dist Bd ~~did not~~ spent Rs 4,707/- out of the 5,000/- without spending

of 7.8.33. Recommends sanction to the levy of an
optional tax in Bithere village of Hamsen Taluk
at 4 annas on every rupee of the Compulsory
tax now levied by the Bithere Village Panchayat
in connection with the introduction of electric lights
into Bithere village.

The Bithere Village Panchayat propose to
provide 20 electric lights for streets in Bithere
village. The annual income & expenditure
of the Panchayat at present are Rs 625 & 473
respectively - The Panchayat are incurring ^{Expenditure} ordinary
of Rs 225 per annum for street lights at present
and the cost on account of 20 electric lights
proposed, amounts to Rs 360 per annum.
But the Revenue Commr has stated that the
cost would amount to Rs 597. It is not
known how this amount has been arrived at.
This sum represents the amount guaranteed
by the Village Panchayat according to the
Amuldar's report of 15.4.33. The Panchayat
have resolved to levy an optional tax of
four annas per rupee of compulsory tax
levied by the Panchayat and an income
of Rs 150 is anticipated from this levy.

Some money should have been given also out of the Government grant to incomplete works instead of giving all to fresh works only. It is only by clubbing together the resources of the District Board and the Panchayets and the Government Grant that satisfactory progress can be made in the execution of well works. I am afraid there is lack of co-operation between the District Board and the Revenue Department in this District. & that this matter has been badly managed on that acct.

SIR
Agents

Sub: DISTRIBUTION OF THE GRANT FOR DRINKING WATER WELLS
IN THE KADUR DISTRICT FOR THE YEAR 1933-34.

In forwarding herewith letter No.L.B.1-84/33 dated 27th November 1933 together with its two enclosures addressed to you, by the President, Kadur District Board on the subject noted above, I have the honour to state as follows:-

The distribution of the Drinking Water Wells' Grant is governed by G.O.No.L.8367-V.P. 26-29-13 dated 16th May 1930 and G.O.No. L.2467-88 V.P. 67-31-3 dated 28 - 30th September 1932. According to these two Government Orders the Deputy Commissioner is the operating authority on the grant, while the programme of well works has to be settled in consultation with the President of the District Board and the Local Revenue Officers. This year, in accordance with the instructions contained in the said Government Orders, programmes of well works - important and otherwise - were called for from the President, Kadur District Board, the Amildars and the Deputy Amildar, Narasimharajapura. A meeting was arranged for the discussion of the matter on the 5th November 1933, at the District Office to which the President, Kadur District Board had also been invited. He did not attend the meeting. As there was no provision in the District Board Budget for Drinking Water wells for the current year, it was decided that grants should be made to wells in the order of their urgency and importance from the lists furnished by the

the Local Revenue Officers and the President, District Board, on a half-to-half basis viz. the Village Panchayet contributing half the amount of the probable estimate, the other half being contributed out of the Government grant to the District. It was impressed on the Amildars that the works should be completed before the end of April 1934. A copy of the memo of instructions issued in the matter together with the memo of distribution is herein enclosed for perusal. A sum of Rs 5000/- has been distributed, keeping a sum of Rs 2000/- for emergencies, such as, Increase of actual estimate over the probable figures given in the schedule etc. The Executive Engineer, who was also present at the meeting by invitation, has promised to give all help in the execution of well works through his Departmental subordinates. As there were constant complaints from the Amildars about the necessity for wells for various villages in their charges the grants have been made this year only for New wells. During my tours in the District for the past one year, I have satisfied myself personally about the necessity for wells in the villages now selected.

2) As regards the point raised in the communication under advertance about placing the entire amount of the grant at the disposal of the President, District Board, for the completion of the incomplete well works, I have to state that last year, the entire amount of the grant viz., Rs 5000/- was transferred to the President, Kadur District Board as per Government Order No. L.6012/V.P.27-32-14 dated 15th/17th March 1933 (copy enclosed for ready reference). The then President of the District Board, Mr. Hosakoppa Krishna Rao, assured me that he would spend the amount placed at his disposal along with the District Board Grant for the purpose for the completion of ^{the} incomplete well works and that provision would be made during the current year for new wells in the District Board Budget to supplement the Government Grant and as well as the grants from Village Panchayet funds. But, as a matter of fact, I find, from the statement furnished by the President, District Board, that an amount of Rs 4707/- has been spent out of the allotment of Rs 5000/- placed at his disposal for completing the incomplete works. Thus, it will be seen that no amount has been spent out of the District Board funds for the purpose as promised by the President, District Board. Again the incomplete works are being shown as incomplete for

for years past as noted in the margin. For example, the estimate for

-----)		the President District Board, wants the entire grant to be placed at his
		disposal year after year for completing his incomplete works.

In the circumstances detailed above, the District Board has to find its own funds this year for completing the incomplete works.

I have the honour to be,

The following instructions are issued for information and guidance.

(a) The Amildars and the Deputy Amildar, N.R.Pura should visit the
villages for which wells have been sanctioned without delay and make a
careful selection of the site and get ~~the~~ estimates and plans
prepared with the help of the local P.W.D. Officers according to the
~~prevailing~~ prevailing scheduled rates.

Amildars and the Deputy Amildar will sanction estimates up to Rs 500/-
Estimated over this amount will be submitted to the undersigned for sanc-
tion. In the case of Taluks and the Sub Taluk comprised in the Tarikere
Sub Division the estimates will be submitted through the Sub Division
Officer for sanction. Such sanction should be obtained before the 15th
December 1933.

(b) The Amildars and the Deputy Amildar should personally select the
actual sites with the help of the local D.P.W. Officers having due regard
to local conditions. Works should be begun before the end of December 1933
as soon as the estimates are sanctioned either by the Amildars or by the
Undersigned.

(c) The works should be given as far as possible to local Village con-
tractors and proper stamped agreements should be taken from them for the
completion of the works before the end of April next.

(d) Fortnightly progress reports of works should be submitted to the Under-
signed thereafter regularly before the 5th and the 20th of each month and

and the work should be completed before the end of April ~~xx~~ 1934.

(e) All necessary help in regard to the checking of bills measurements and the execution of the works, should be obtained from the local D.P.W. Officers to whom necessary instructions have been issued by the Executive Engineer, Kadur Division.

(f) It should be clearly understood that the entire responsibility for the checking of measurements and payments rests primarily on the Amildars and the Deputy Amildar.

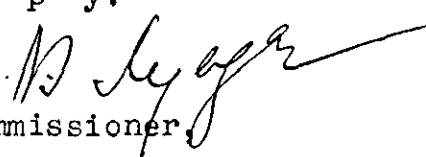

(g) The grants sanctioned for the several works, should be drawn and credited to the concerned V.Ps soon after the estimates are sanctioned for making payments ~~in~~ due course.

The Amildars and the Deputy Amildar are requested to bestow their personal attention to this important matter affecting the welfare of the inhabitants of the village and see that all the new wells for which grants have been made now, are utilised by the end of April 1934. The Sub Division Officer, Tarikere, will also see that the works sanctioned for his Division are put through according to programme. The measurement books will be sent on receipt from the Executive Engineer to the Amildars.

OFFICE OF THE PRESIDENT,
Kadur District Board,

Dated, Chikmagalur 27th November 1933.

From

Bagamane Deva Gowda, Esquire,
President, Kadur District Board,
Chikmagalur.

To

H. V. Ramaswami, Esquire., M.A., B.L.,
General Secretary to Government of Mysore,

Through

The Deputy Commissioner,
Kadur District, Chikmagalur.

Sir,

D. Adverting to Government Order No. L. 1260-81/V.P.^x26-33-2 dated the 14th August 1933 sanctioning amongst others a sum of Rs. 7,000/- for drinking water well works in the Kadur District for the year 1933-34, I have the honour to state that I requested the Deputy Commissioner, Kadur District in my letter No. L.B.1-84 of 32-33 dated 1-11-1933 (copy enclosed) to place the entire amount of Rs. 7,000/- sanctioned at the disposal of the Board to enable the completion of all the incomplete well works (Detailed in - Statement B enclosed) as was being done in past years.

During previous years the entire Government grant - sanctioned for well works from year to year was being placed at the credit of the Board for completing all the incomplete works that were urgent and absolutely necessary. Now there are 15 incomplete well works requiring a sum of Rs. 9,095/- on the -- aggregate for completing them. The question of making over all Government grants for well works to the District Board - since non-officialised - was discussed in all its aspects at a Joint Meeting of the ~~the~~ President and the Deputy Commissioner and as will be observed from the records available in the office, it is found that the proposal was then accepted by Government, the then Member of Council (Mr. P.G. D' Souza) agreeing, convinced - as he was then - of the justness of the proposal with a view to more expeditious mode of carrying of well works in the District. The

The case of Village Panchayets needing wells was also considered at that meeting, the solution as suggested and agreed to being that the needs of Village Panchayets in this connection would find adequate recognition by the President and the Deputy Commissioner meeting often and preparing an agreed list of wells to be carried during the year.

From the memo No. A6-615/33-34 dated the 5th instant received from the Deputy Commissioner intimating the distribution of the Government grant of Rs. 7,000/- sanctioned for the current year amongst the several taluks in the District for making grants to Village Panchayets for sinking drinking water wells in villages, it is surprising that the question has now taken a turn which is not to the advantage of the well programme being carried out in a successful manner.

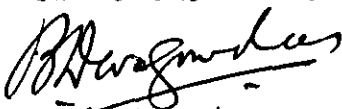

I further beg to add that there remain several incomplete works and that several works executed in previous years in respect of these incomplete wells remain yet to be paid and the contractors concerned have been constantly pressing for payment. In reply to their demands now and again, they were being told to await the sanction of Government grants and now that the said grant has as explained above - been disposed of otherwise by the Deputy Commissioner, the question of adjustment of the contractors' Bills - now remaining outstanding has become a serious problem.

Under these circumstances, I strongly appeal to Government to be pleased to sympathetically consider the case of the incomplete well works and sanction at least a sum of Rs. 10,000/- to enable the Board to complete all the incomplete works.

I have the honour to be,

Sir,

Your most obedient servant,

President,
Kadur District Board.
